

2024 Year-End Distributions – VanEck Funds

We are pleased to provide the following information which summarizes the 2024 year-end dividends and capital gain distributions for all of the VanEck Funds.

Passive Foreign Investment Company (PFIC) Income

Certain VanEck Funds may make investments in non-U.S. corporations classified as “passive foreign investment companies.” Generally speaking, PFICs are non-U.S. corporations having 50% or more of their assets invested in cash or securities, or having 75% or more of their gross income originating from passive sources, including but not limited to interest, dividends and rents. In other words, these foreign companies primarily derive their revenue streams from investments (rather than operations). Please refer to your VanEck Fund(s) Statement of Additional Information (SAI) for further information on PFICs.

IRS Circular 230 disclosure: VanEck does not provide legal, tax or accounting advice. Any statement contained in this communication concerning U.S. tax matters is not intended or written to be used, and cannot be used, for the purpose of avoiding penalties imposed on the relevant taxpayer.
